

BETHEL

A Spaulding Team Defeated Whitecomb High, 10 to 4.

Whitecomb high school never looked like a winner yesterday in its game with the Spaulding second team on the local playground. Spaulding's pitcher, Polli, struck out 11 Whitecombs in the first five innings and then with the game safe, 7 to 2, exchanged places with Calderara, who had been working in the left garden. Later in the game Vanetti and Young exchanged places. Regan pitched a good game, holding his opponents to seven safeties, of which one each by Polli and Geals were good for two bases. Seven hits likewise were made off the Barre pitchers, of which four singles in the fifth inning ought to have meant more than one run but did not, because of slow work on the bases. Again, as on Saturday, Bethel's best inning was the seventh, when Mitiguy's single, Newton's base on balls and Marshall's big home run put two runs over. With Johnny Wilson and White out of the game because of sprains and Newton unable to play at second because of his bad eye from Saturday's game, the local team looked a little bit patched up, and played that way. The Barre infield played without an error, though it must be said they had very few chances. At short there was absolutely nothing doing. The score:

AMERICANS KNOW A GOOD THING

Trust the People to Find Out What Is Good for Them

All over the country folks are learning that after the long, hard winter's pull, lack of green food and fresh air, they are usually run down, have no appetite, are nervous and in bad shape generally.

Spring to them is a season to be dreaded, their thin, weak, poisoned clogged blood and weak nerves rob them of all ambition or desire to work and takes the pleasure out of life.

For such men and women, doctors are recommending Phosphated Iron, which goes to the very root of all blood impurities and nervous troubles. They claim it helps purify the blood by making it over anew, while the way it relieves tired, fagged out nerves is almost too good to be true.

The confidence that the American people and prominent doctors have shown in Phosphated Iron, which is one of those honest preparations that never disappoints.

As a man said in recommending to his neighbor, "It's resists that count, and you can bank on Phosphated Iron. It is the 'goods.' Everyone that tries it is a booster. It sure did put me on my feet when I was almost down and out."

Every man, woman and child that has thin, watery, impure blood, no strength, or appetite, weak nerves and is all played out generally can come back strong, be a live one once again, enjoy restful sleep and get up facing the world with a smile if they will try Phosphated Iron, the red blood and nerve builder.

To insure physicians and their patients getting the genuine Phosphated Iron, we have put in capsules only. Do not take pills or tablets. Insist on capsules.

Quite a delegation of Hardwick men and women attended the war conference speaking at Montpelier last Friday afternoon and evening.

The fire alarm was rung in from the box near C. F. Davis' store in Hersheyville Sunday morning, but proved to be a fake alarm, that is, some young men old enough to know better and should be made to know better, mistook the box for a penny gum machine and could not resist the temptation to pull the lever.

There should be some other kind of pulling in these cases, because it makes a needless expense to summon the fire department for anything of this nature, and it is a serious offense to "monkey" with the fire alarm boxes.

George Pope has been granted another 15-day leave of absence from naval duty and is spending it with his family and parents here.

Mrs. Andrew Foss of Quincy, Mass., has been a guest of old friends and acquaintances here for the past week.

A BARRE MAN GIVES EVIDENCE

His Testimony Will Interest Every Barre Reader

The value of local evidence is indisputable. It is the kind of evidence we accept as true because we know we can prove it for ourselves. There has been plenty of such evidence in the Barre papers lately, and this straightforward testimony has established a confidence in the minds of Barre people that will not be easily shaken.
